When you have completed your list turn to page 123 of *The Lutheran Handbook*, "The Top 10 Attributes to Look for in a Spouse." Compare the published list with the one you created. Do you have ideas that don't fit into one of the 10 categories? Are there ideas in the book they had not thought about? Write the three that are the most important to you at the bottom of page 124 and below.

Prayer Time

Focus your family prayer time on marriage this week. Ask God to walk with and strengthen the relationship, the joy and the struggle, for people who are married. Ask for comfort and healing for people who find brokenness in marriage. Pray for your child and all youth that their lives are filled with kindness, compassion, integrity, and love they can promise to another.
