

John Allen Hanrahan
11 June 1943

Charlotte Pauline Fuhs
26 March 1945

Children
Cheryl Dora Maria, Theresa Ann

Hi:

We hope you enjoy your visit to our genealogy web site of our ancestral paternal lines.

John begin life in DeWitt, Clinton Co., Iowa. A small town; but larger than most towns in the area. Located in mid western Iowa that supported many farm communities surrounding its boundaries. The Mississippi River is only a few miles away. John's family lived in DeWitt and Davenport, then moving to Santa Clara Valley in California. There his parents owned a small country grocery store for several years. John graduated from a high school that is now closed and no longer standing in 1961. He was an accordion student for many years and played trumpet as part of the high school band participating in school events and parades with his music. John went on to attend a local college and learned about computer technology. Working in printing and photographic operations of his Lockheed department for 37 years, he followed many paths in those operations that eventually led to be in charge of network and technology coordination to help bring the digital age in to those operations.

He also spent over 15 years as a leader, coach and President of a local Little League program that had three teams play in the Little League World Series in Pennsylvania in the 1970s decade. He was a participant in many community events and a recognized person in town for his participation in local community events.

John retired in 1999 and he and Charlotte now enjoy a relaxing life while spending part time researching and learning about the family genealogy.

Charlotte begin life in Chowchilla, San Benito, California. Living in Santa Cruz area and then the family moving to a California "Gold Country" town of Garden Valley, Charlotte attended a one room school house for her first seven years, then attended a new school for two years and graduated from Placerville High school in 1963. Meeting John in 1963, on 10 May 1964 they were married. While Charlotte spent some years at home she also had a great career working for a nation wide check printing service and then becoming an office manager for a small medical supply company.

Charlotte had two children and supported their activities in brownies and girl scouts. In high school John and Charlotte supported their girls with their activities. Cheryl was a letter girl and a spirit commissioner and Theresa was with the marching band flag team who won several awards.

We hope you enjoy the experience of seeing some of ancestral past and hope you have found someone you know. Best Wishes and thanks for stopping by. We welcome your E-Mails.
