

February 12, 2008

Lion Ron Charles brought the February 12th meeting to order at Fred's Inn.

Our guest for the evening was Joe Spence, Bicentennial committee chairperson.

Lion Carol read the minutes of the January 22 meeting. Lion Gray made a motion to approve, and Lion Debbie seconded the motion. All approved.

Cheryl Webb has submitted a request for \$300.00 donation so she may make a necessary trip to New York for medical treatment. This matter was brought up at the past zone meeting and the other clubs present will bring this in front of their membership. Lion Mike Mayhood made a motion to donate the remaining funds up to the \$300.00 to cover her transportation. Lion Marty seconded the motion all approved.

Our zone is looking for the 2008 project with a cost of \$250.00 to each club. Last year's project was the Life Line and is \$1,000.00 each. This project will be decided at the next meeting to be held April 29th. The suggestion of making Sight First the zone project will be brought before the zone committee.

April 19th is the "Walk for Sight" event to be held through out New York. Each is being asked to hold this event in their area. This would include promoting, and staging a walk. There was no interest from the club to hold our own walking event.

Lion Ron would like to revisit our decision on Campaign Sight first. Our District Governor will be attending out March 11th meeting and will be requesting our participation with a minimum \$6.00 per person donation.

There will be a Meryl Symposium on membership scheduled for Binghamton, or Syracuse in the near future and we hope that our membership committee will be interested in attending the special meeting.

Fire Victims, Gary Travis and Tim Wakefield lost everything in two different fires recently. Lion Dave made the motion to donate \$50.00 to each of the families. Lion Gray seconded the motion.

50-50 -Lion Mike Douglass

Dinner - Joe Spence
