

## 2019 DelSavio Score & Miller Group Matches

The DelSavio Score and Miller Group matches are centerfire, gentleman, fun shoots that lack the formality found in the IBS competitions. These matches provide newcomers with the opportunity to ease into the competition shooting sports. Modified IBS Rules apply. The maximum size cartridge permitted in these matches is .36 caliber.

There are two classes of rifle contested, Benchrest and Sporter. Basic criteria for each rifle: Benchrest class includes rifles that are customized possessing a flat forearm that is 3.0 inches in width or greater and no safety mechanism. Sporter class includes hunting style rifles that can be shot from the shoulder, featuring a convex forearm with a width no greater than 2.25 inches, and possesses a working safety. There is no restriction on telescopic sights for either class. The Chief Range Officer will have the final say on rifle eligibility.

Equipment eligibility is based on IBS Rules. All formal front pedestal and rear pedestal rests are permitted, however, front and rear rests must be separate. No rest may be attached to the bench. The Chief Range Officer will have the final say on equipment eligibility.

**All matches are scheduled for the later afternoon during weekdays for those who work.**
